

INTRO TO SAND ETCHING

Etch marks the spot! Learn from an experienced artist how to etch beautiful designs into glass using basic sandblasting techniques. Etching is an elegant art form that has inspired artists for thousands of years. Easy to learn and fun to master, it is a magical medium that can transform plain, simple glass into ornate masterpieces. From choosing glass to selecting patterns and operating etching equipment, this studio workshop covers everything you need to know in a warm and friendly environment.

- Begin with brief introduction to the history of glass etching and engraving
- Practice different tips and techniques for working with glass
- Learn how to use different types of tools and sandblasting equipment
- Select a glass vase or candleholder and put your skills to the test, creating your own work of art
