## MISSION SPACE PARTY

Head for the moon and the stars! Blast off into outer space with a space themed adventure for you and up to 30 of your friends. Take off on a simulated space mission in a museum's state-of-the-art learning center. Play the role of navigator, life support specialist, or robot operator and work together as a team to solve realistic problems. Get a taste of life in space without ever leaving the earth!

- Arrive at the museum where you will be greeted by a special team of party staff
- Begin with a briefing where you will receive your "out of this world" assignment
- Embark on a 2-hour simulated space mission bound for the Moon
- End your celebration in a private party room at the museum
- Includes staff, use of party room, project materials, and 2 hour flight simulation
