

LA JOLLA CAVES KAYAK TOUR

The coast is clear! Pick up a paddle and make a splash kayaking the 7 Caves of La Jolla and the La Jolla Ecological Reserve, one of California's most pristine and untouched natural wonders. Paddle along the coastal waters and discover the beauty as you uncover the historic significance of the La Jolla Sea Caves and their role in San Diego's history. Paddle to the Arch Cave and Sunny Jim's Cave to witness amazing sandstone formations and, weather permitting, head into the Clam's Cave – the largest of the 7 Sea Caves. Watch sea lions bask in the sun, pelicans fly over head, and a wide variety of marine mammals, sea birds, fishes, harmless leopard sharks, and plant life that call this area home. With so much wildlife in the area, there's plenty to explore and discover.
