

## PRIVATE BREWING SESSION

It's practically too good to be brew! Enjoy the king of beer experiences with a private brewing session. Using professional equipment and fresh ingredients, work with a seasoned brewmaster to brew up to six batches of custom beer. Choose from a selection of lager and ale styles, using the brewery's recipes as is, or tailoring them to suit your tastes. Design your own labels and call them what you like. The big payoff comes in 3 to 12 weeks, when you'll be ready to celebrate with 30 cases of home brewed beer to share with family and friends.

- Begin by sampling beers and talking to an expert about the kind of beer you want to brew
- Take your place at the kettle and start brewing up to six different blends
- Create custom labels featuring your own photos or artwork, and names
- Keg your beer and leave it to ferment for 3-12 weeks
- Return and pick up your 30 cases of signature beer, bottled and ready to go

### Your Gift Locations\*

Alexandria, VA

### Availability

Year round, Sunday through Wednesday

### Duration

4 hours

### Essential Information

Participants must be a minimum of 21 years old; beer or food consumed during class is not included
