

## HIGH PERFORMANCE DRIVING

Fancy yourself a track star? Suit up, strap in, and show them what you've got with a high performance driving experience. Can't drive 55? No worries! Exceed all limits driving a BMW 335i twin turbo at speeds of over 100 mph. Learn the basic dynamics of high speed driving from an expert instructor and then fly full speed ahead, putting your new skills to the test on an exclusive grand prix style racetrack, designed by famed track designer Alan Wilson.

- Begin with a classroom “chalk talk” where you’ll learn high speed driving basics including terms, techniques, and safety related rules
- Go for a spin with your instructor to learn the line and observe firsthand how to handle your vehicle
- Take your place in the driver’s seat and experience the adrenaline of driving at extreme speeds on a grand prix style, road-racing course
- End with a race to the finish line in a competitive autocross against your classmates
- Includes all equipment, instruction, plus lunch in the clubhouse
