

AEROBATIC BIPLANE FLIGHT

Strap on a parachute and climb aboard! Trip back in time to the dawning age of aviation. Relive the daredevil days with an aerobatic flight in a beautiful open-cockpit biplane. Loops, Cuban Eights, Hammerhead Turns, Immelmans - they're just a few of the amazing feats you will experience first hand in the front passenger cockpit, with an experienced pilot behind the controls. An intercom keeps you two in constant contact as you turn and tumble across the open sky.

- Get a birds eye view as you dip, dive and flip above the beautiful Palm Desert
- Perfect for "plane" folks with an appetite for adventure
- Bring on cheering crowds - they can wait in the airport lounge or on the field
