

LITTLE CHEFS

Sugar, spice and everything nice...find all that and more with a cooking class for two kids, ages 5 to 8! Let the learning begin with a class specially designed for pint-sized chefs. The little ones will spend time in the kitchen learning to prepare a variety of foods. Menus will always include a fun array of dishes and once they are done, they'll take off their aprons and dig in to their delicious delights.

- Begin with a tour of the kitchen, meet the head chef and listen to a briefing
- Review recipes, watch the fun demonstration and learn simple techniques
- Take to the kitchen and prepare the menu foods from scratch
- Finish the class by eating and enjoying your dishes
