

COCKTAIL MASTER CLASS FOR TWO

Raise the bar, grab a friend and master the art of mixing together! Whether it's mojitos or martinis, margaritas or a Mai Tai, both of you will learn to concoct four hip cocktails with the flair and finesse of a pro. A seasoned bartender, at one of the city's hot spots, will lead you through the maze of instructions and ingredients, providing you with everything you need to know to mix, muddle, and shake.

- Begin with a tutorial and demonstration of how each cocktail is prepared
- Then, give your hand a try as you concoct each one of the four drinks under the direction of the master bartender
- When you're finished experimenting, sample your new skills and enjoy a group tasting featuring four appetizers prepared by the Executive Chef, chosen to complement each drink and discuss the reasons why they work well together
- Take home a special set of recipe cards so that you can dazzle your friends with the newest and hippest cocktails and serve them up with some hors d'oeuvres to go alongside
