

## PRIVATE INTRO TO MOTORCYCLING

Believe that you were born to ride? Let the wheels turn and the adventure begin with a private introductory course in motorcycle riding - no experience necessary. Focus on the fundamentals in the comfort of a classroom setting. Then shift gears and take what you've learned to the track for some real-road adventure. Private experience means that it will be custom tailored, guaranteeing that you'll receive the attention you need before you hit the road.

- Meet your certified professional instructor at the track
- Begin with a classroom session to discuss proper riding techniques including basic bike operation, cornering, sliding, body position, and stopping
- Spend the rest of the time on the track, putting what you've learned the test
- Includes use of motorcycle, safety gear, water, and snacks
