

PIONEER FAMILY ADVENTURE TOUR

Get a taste of the wild, wild, west! Jump into a jeep and meet the early movers and shakers of the late 1800s. Native Americans, Spanish explorers, Mexican ranchers, prospectors, and homesteaders all left their marks on California history. Experience an old mining camp, steep walled canyons, amazing vistas, and more. An expert naturalist guide will guide you through the San Andreas Fault and reveal why early pioneers migrated to one of the hottest, driest regions in the country.

- Meet your guide at a specified location to begin your guided jeep eco-tour
- Learn how California got its name, the first stage coach route came about, and a diverse cast of characters survived the extreme climate and primitive living conditions
- Explore a recreated mining camp where you can pan for gold and take photos
- Finish with an optional ladder hike along the twisted landscape and take in amazing views of the valley
