

PRIVATE PHOTOGRAPHY WORKSHOP

Point and shoot! Get into the right frame of mind with a private photography lesson using your own camera - whether it's brand new or you've had it for a while and you just want to know more before heading off on a vacation of a lifetime. Learn from a professional photographer, E. David Luria, what all the functions and menus of your camera offer. Then practice those functions in both an outside and inside environments as you set off for Lafayette Park and then the Renwick Gallery. Learn a variety of photographic formats and techniques that include composition, exposure and lighting. Whether you are an absolute beginner or a seasoned shutterbug, your workshop will be specifically tailored to your camera and your interests and abilities.

- Meet your instructor for a private, 2 hour, one-on-one photography lesson with your own camera
- Focus on the functions and techniques that matter to you most and spend some time putting to practice what you learned in a scenic outdoor setting and then in an interesting indoor setting
- Walk away armed with the knowledge and tips to get the most out of your camera
