

FLYING TRAPEZE

Get into the swing of things! Reach new heights with an introductory lesson in aerial arts. Take to the trapeze and learn the elements of flying from a professional trainer. Begin with the basics and work up to more challenging tricks – even try your hand at a release and catch! As your skills and confidence progress, learn to swing, sway, and enjoy this uplifting activity. All sessions are conducted with safety lines and a spotting belt to assure your safety at all times.

- Meet your trainer for an overview of the art of the flying trapeze
- Start slowly with a few warm-up swings on the practice bars in the training facility
- Harness up, climb the platform outside, and make the leap
- Experience the thrill of flying through the air in a safe and friendly environment
