

## TEEN DRIVING SKILLS

Both hands on the wheel! Take your driving to the next level. Ideal for young and inexperienced drivers as a continuing education from driver's education, teens are trained in extreme driving situations in a controlled environment. Learning how to recognize and react to skids, proper braking and evasive steering techniques, drivers are pushed to the edge to begin understanding personal and mechanical limitations.

- Learn how to react to adverse situations and maintain control of the car by simulating "extreme" driving experiences
- Challenging driving courses will be created on a closed skid pad to experience unfamiliar car behavior which requires quick reactions and precise input
- Training is provided by a seasoned coaches who monitor and ride with participants throughout the day
- Mercedes-Benz C230 will be used for experience
- Includes lunch
