

ELITE GOLF EXPERIENCE

Got game? Bring out the best in your game with a day at one of the top 25 golf schools in the country. Under the guidance of Mike McGetrick and his staff of PGA and LPGA professionals, get a top-to-bottom assessment of your abilities and learn what you can do to improve your performance. A series of four sessions, you'll tap into your mind, test your strengths, evaluate your grip, and receive customized instruction from an MGA Instructor. Regardless of your golfing goals, this all day experience helps you to get into the zone and take your game to a new level.

- Begin your day identifying your “mental golf profile” with on-staff psychologist, Dr. Denise McGuire
- Work with a fitness/nutrition specialist to assess your strengths and develop a customized weekly fitness program that you can access later online
- Meet with Hot Stix Golf, the #1 club tour fitter in the world, to get custom fitted for clubs that precisely match your personal swing
- Break for lunch and relax in the clubhouse before meeting with an MGA Instructor for your private 2-hour lesson
- Take home your own swing analysis CD, a copy of Mike McGetrick's Game Improvement Journal, and an in-depth understanding of how you fair on the fairway
