

WHALE WATCHING

It's a whale of a sight! Witness these graceful giants close up with an exciting whale watching cruise. Climb aboard a high speed catamaran and it's anchors away, as you embark on a 3-hour discovery tour. All trips are narrated by professional researchers from the region's foremost authority on our whale population, Whale Center of New England. While whales may be the stars of the show, every trip is a unique adventure and the sightings vary – you never know what you might encounter!

- Meet your captain at the harbor and climb aboard a high speed catamaran
- Set sail on an invigorating cruise and keep an eye out for humpback whales
- Experience the fresh salt air on one of three outside decks or move inside to the climate controlled cabin space
- Enjoy snacks and beverages available for purchase in the galley
