

POWERED PARACHUTE EXPERIENCE

Chute for the sky! Throw caution to the wind and lift off in a powered parachute, the ultimate flying machine. Fly low and slow with a licensed pilot while enjoying panoramic views of native wildlife and scenery. Powered parachutes look like go-karts but soar like birds, flying anywhere from 500 to 1500 feet above the ground. Be sure to bring your camera – it's an ideal opportunity for aerial photography.

- Meet your pilot in the hangar for a brief safety overview
- Choose a relaxed, leisurely ride or a more thrilling course
- Climb in a tandem powered parachute and prepare for take off
- Experience the sensation of being airborne as you travel along the Colorado River
- Take home a souvenir t-shirt to commemorate your trip
