

WWII WARBIRD RIDE • 60 MINUTES

Fly like a fighter! Travel back in time and experience the aerial action of World War II on a spine-tingling warbird flight. Climb into the cockpit of one of the world's most graceful fighter planes for a rollercoaster ride through the sky. Loops, Cuban Eights, Hammerhead Turns, Immelmans - they're just a few of the amazing feats you can experience first hand with an experienced pilot at the controls. From mild to wild, the intensity and level of acrobatics is up to you.

- Meet your certified instructor at the airport for a short safety briefing and historical overview of how the aircraft was used during WWII and more
- Put on a parachute and climb aboard a North American T-6 Texan aircraft
- Spin, loop, and roll til your heart (and stomach's) content
- Take over the controls and experience the excitement of flying, if you wish - both the pilot and passenger have a set of controls
- Relive your experience as you review the recording of your flight from the inside of the plane
