

BUTTERFLY TOUR & MAKE A RAINFOREST TERRARIUM

I spy a butterfly! Come face to face with thousands of these remarkable creatures in their natural habitat on a guided tour of the Butterfly Pavilion. The Common Blue Morpho, Monarch, and Paper Kite butterflies are just a few of the exotic species you'll encounter as they flutter about in a 7,000 square-foot rain forest conservatory. Following your tour, learn what makes the rain forest ecosystem so unique and create your own personal terrarium to take home.

- Meet an experienced horticulturist for a guided tour of the Tropical Conservatory
- Stroll along the path and enjoy the brilliance and beauty of more than 1,200 butterflies from around the world
- Find out about the four layers of the rain forest and design your very own terrarium
- Finish the day exploring the other exhibits which include creepy crawly tarantulas, five-armed sea stars, and more
