

GOLF LESSON AND PLAY WITH A PRO • 18 HOLES

Hit 'em straight! Play the course with confidence and the first 18 holes with your personal pro. Whether you consider yourself to be too green for the green or a certified swinger, a private session with a seasoned player is the perfect way to groom your game. Move from a warm-up lesson to the first tee as you hone your skills under the guidance of your pro on better pre-shot routines, swing thoughts and golf course game management from off the tee box, approach shots, and around the green. Your lesson will be specially tailored to help you reach your goals.

- Meet your golf pro to discuss your experience and what you want to improve
- Concentrate on the fundamentals or focus on a specific technique in a 25 minute warm-up lesson
- Play a round of golf with a PGA pro while receiving personal instruction
- Take away drills to practice on your own to fine-tune and improve your performance
- Enjoy lunch afterwards with the pro for additional feedback and tips or drills for the next time you go out to practice or play on your own
