

AERIAL TRAM RIDE

Need a lift? Take it to the top for an aerial view of the Coachella Valley aboard the world's largest rotating tram cars. Constructed in the rugged Chino Canyon, the Palm Springs Aerial Tramway is one of Southern California's biggest attractions and a designated historical civil engineering landmark. Climb to the top to enjoy the comfortable climate, picturesque scenery, and incredible hiking opportunities, including over 54-miles of trails. Year round, Mt. Jacinto Park and Wilderness offers a wide variety of outdoor activities, plus two restaurants and a museum.

- Begin in the desert to board the aerial tram car
- Enjoy 360°panoramic views as you ascend a cool 8,516 feet
- Experience the change in climate and scenery as you travel to the top
- Disembark at the Mountain Station in Mt.Jacinto State Park and Wilderness
- Hike, ski, and explore the park or simply relax and unwind
- Spend as long as you like before returning down in the tram
