

FIGHTER PILOT EXPERIENCE • 1 MISSION

Are you up for the challenge? Experience firsthand the thrill and excitement of air-to-air combat with an introduction to basic air combat. Imagine scouring the skies in a real military aircraft in search of enemy aircraft. Cover basic maneuvers including formation flight, gun sight tracking, high and low yo-yo's, and multiple aerial dogfights. Using a state-of-the-art electronic tracking system aboard a real military fighter plane, engage in aerial combat, and return to your base victorious! Your mission will be recorded and reviewed in a flight de-briefing. The DVC copy is yours to keep!

- Report to the command post to get suited up in your flight suit, parachute and helmet
- Head to the flight line, where you will be briefed on mission tactics, maneuvers, safety considerations and the rules of engagement
- Climb into your aircraft alongside your instructor to begin your mission
- Engage your opponent in actual air combat for 6 dogfights
- Review your recorded flight mission post landing on side-by-side monitors
