

## MONUMENTS & MEMORIALS PHOTO SAFARI

Point, aim, and shoot on this Safari to capture the best images of Washington, DC, on film. Track down a photo op at almost every corner, as you sharpen your photographic skills under the guidance of a professional photographer whose specialty is architectural and landmark photography. Join the hunt for the perfect shot of the White House, Lafayette Park, and the Old Executive Office Building. You'll be sure to catch enough of these monuments and memorials to mount on the wall!

- Learn the basics of framing, focusing, and lighting without a flash, and the mechanics of your own film or digital camera
- Understand the options for outdoor portraits versus candid shots, and when to choose black and white film over color
- Collect tips on exterior and interior architectural photography
