

RAPTOR CAPTURE • PHOTO SHOOT

Become a bird's eye witness! Embark on a photo safari and photograph birds of prey against the natural backdrop of a multi-acre nature center. Zoom in and capture the beauty and strength of a select group of raptors, displayed for your lens. After your Raptor Capture, stay for an adventure, touring the facility and enjoying rare, up close glimpses of a red-tailed hawk, peregrine falcon, great horned owl, barn owl, turkey vultures, and more. It's a unique experience that's perfect for photographers, artists, and wildlife enthusiasts alike.

- Arrive to photograph birds of prey in their natural habitat
- Learn from the expert interesting facts about your "subjects"
- Following your photo shoot, stay on to explore the Center
