

## INDOOR SKYDIVING • TWO MINUTES

Get ready to soar! Reach new heights with an indoor skydiving flight in a wind tunnel. Discover the sensation of floating through space and learn the basics of body flight from an experienced instructor. Neither ride nor simulator, the vertical wind tunnel lets you truly experience what it feels like to fly. Multiple fans located at the top of the flight chamber produce a wall-to-wall airflow that is smooth and fun to fly in. Next stop, the moon! Ideal for all ages, no experience necessary.

- Begin with a brief training session and safety orientation
- Gear up in a flight suit, goggles and helmet and enter the wind tunnel
- Take turns flying one-on-one with your instructor
- Learn proper hand signals and how to adjust your body positions to control your flight
- Experience the thrilling sensation of soaring through the air - two minutes in the flight chamber is equal to 3 skydives from 13,000 feet
- Includes t-shirt and DVD of your experience to remember your adventure
